b. Each train was occupied by 200 to 250 troops, 19 to 22 years of age and armed with carbines and submachine guns. No heavy weapons were observed.

25X1 7. [redacted] Comment

a. No other source has reported that exercises were held in the area south of WITTENBERGE late in June 1949, with component units of all three divisions of the Second Gds Weez Army and small component units of the Fourth Gds Weez Army (Cadre) participating.

25X1

b. The report indicates that the maneuvers concerned, held only by motorized units (no tanks), were completed by 1 July 1949.

c. The troops of both the 9th and 12th Gds Tank Divs (pars. 4 and 5) apparently left for the WITTSTOCK area which is known as the training area of the 12th Gds Tank Div.

d. The trains carrying component units of the 1st Weez Div (par. 5) left via SPENGLAL (possibly going to DOEBERITZ, the quartering area of the division?).

e. If confirmed by other sources, the exercises south of WITTENBERGE could be considered to have been major combined-arms maneuvers of component units of the Second Gds Weez Army, with some units of the Fourth Gds Weez Army (Cadre) participating.

* [redacted] Comment: Informants saw the mentioned trains in PERLEBERG and WITTSTOCK it could not be learned whether or not the trains continued their run from WITTSTOCK.

** [redacted] Comment: The departure in the direction of STENDAL of the two mentioned trains was observed.
